Just hearing the god damn Willhelm scream reminded me of how much I despise these stocksounds since I finally noticed them. Every god damn hydraulic, same sound, children laughter, same sound, crowd gasping, SAME SOUND EVERY DAMN TIME. Its even in smash bros for christ sake and I cant stop hearin them, they are everywhere and at first it just annoyd me, but now I get mad like "oh, those lazy sound-people or whatever, didnt even make an original sound". Ignorance really was bliss back then.
